THE BEGINNING

The daughter of Lord Henshingly Croft, Lara was brought up in the secure world of aristocracy – wanting for nothing she was surrounded by servants, social events and high society.

Having attended Wimbledon High School for Girls from the age of 11 years, Lara's parents decided that now she was 16, she should broaden her education by studying for her A' levels at one of England's most prominent boarding schools. An adventurous soul, Lara found the idea of being sent away from home an exciting prospect.

By chance one day Lara came across a copy of National Geographic on the hall table. The front cover featured a familiar name – Professor Werner Von Croy. A respected archaeologist, Von Croy had once lectured at Lara's school to pupils and parents alike. The experience had a profound effect on Lara, triggering a desire for travel to remote locations in search of adventure. In some ways Von Croy had become an inspirational figure for Lara.

As Lara read further, she learned that Von Croy was currently preparing for an archaeological tour across Asia, culminating in a potential new discovery to be made in Cambodia. Unable to contain herself, Lara burst into the room, thrust the article in front of her parents and without hesitation demanded she accompany Von Croy on his expedition. Lord Croft could hardly disagree that travel was an education in itself.

As Lara argued the case further, he found himself walking over to the desk and penning a letter to Von Croy, introducing himself as an influential society figure and offering financial assistance in exchange for his daughter's place on the expedition.

Von Croy's reply assured the Henshingly Crofts that the territories were friendly and that he had ample experience to look after both his and Lara's well being. Lara's company as an assistant would be welcome, as was the offer of such a generous cheque. He remembered Lara from his lecture – her incessant yet insightful questions had made quite an impression upon him.

And so it was agreed by all that Lara would accompany Von Croy for the duration of the tour...

„Once the game has begun, listen carefully to Von Croy, his teaching and advice will prove invaluable on your travels...

ACTIONS

MOVING

RUNNING / SPRINTING

Pressing Up moves Lara forward at a running pace, pressing Sprint (R2) Button will make her temporarily sprint. A small energy bar will appear, when the bar depletes Lara will revert back to a run. Pressing Down makes Lara jump back a short distance. Pressing Left or Right turns Lara left or right.

WALKING / SIDE STEPPING

By pressing Walk (R1) Button in conjunction with the Up & Down Directional buttons, Lara can carefully walk forwards or backwards. By pressing Walk (R1) Button in conjunction with the Left & Right Directional buttons, Lara will Side Step. Whilst the Walk (R1) Button is held down, Lara will not fall off any edge - if you walk up to an edge Lara will automatically stop.

ROLL

Pressing Roll (L2) Button will make Lara roll forward, and finish up facing the opposite direction. This also works when Lara is underwater.

Lara can jump in any direction, to evade her enemies. Press Jump (Space) Button and Lara will jump straight up into the air. If you press a Directional button immediately after pressing Jump, Lara will jump in that direction. In addition, pressing Down or Roll straight after starting a forward jump makes Lara somersault in the air and land facing the opposite direction. This also works when jumping backwards by pressing Up or Roll immediately after takeoff.

SWIMMING

UNDERWATER

WADING IN SHALLOW WATER

MANUAL LOCK-ON

Whilst Lara has her guns drawn, she can no longer do anything that requires the use of her hands.

These actions are described below.
